JONATAS ARAÚJO XAVIER

3D ARTIST | ENVIRONMENT ARTIST | LEVEL DESIGNER | GAME DESIGNER

São Paulo, Brazil | +55 11 98451-6003 | jonatas.xavier2006@gmail.com | artstation.com/jonatas_araujo

PROFESSIONAL SUMMARY

3D Artist and Level Designer with experience developing game environments for Unity, Unreal Engine 5, and Roblox. Skilled in 3D modeling, environment art, level blockouts, world building, UV mapping, texturing, and game asset optimization. Contributed to virtual reality (VR) projects, freelance production, and multidisciplinary development teams.

PROFESSIONAL EXPERIENCE

SALAS GAMES | Level Designer & 3D Artist

Remote | May 2026 - Jun 2026

- Created and assembled environments in Unity, including level blockouts, 3D modeling, world building, and scene composition.
- Prepared game assets, worked with level of detail (LOD) models and performance optimization, and collaborated with art, design, and programming teams.

ZION ESCOLA DE ENTRETENIMENTO | Game Design Teaching Assistant (Monitor)

Santo Amaro, São Paulo, Brazil | Approximately 18 months

- Supported instructors and students through course-content reviews, make-up sessions, answering questions, and in-class assistance.
- Assisted with classroom activities, provided brief instructor coverage when needed, and led a summer workshop on creating cinematics in Unreal Engine 5.

SALES & CUSTOMER SERVICE | Sales Associate (Intermittent Engagements)

Experience gained across separate periods

- Handled direct sales and in-person customer service, including product presentation, customer communication, negotiation, and closing sales.
- Responded to customer inquiries via WhatsApp and supported customer relationships and purchase decisions.

SELECTED FREELANCE PROJECTS

CINEP | Freelance 3D Artist - VR Resort Project

- Prepared 3D models for virtual reality (VR), including UV unwrapping, texturing, and mesh organization.

REVEE | Freelance Environment Artist

- Modeled assets and assembled Unreal Engine environments for scenes of Canindé Stadium and the Municipal Theater of São Paulo.

ROBLOX PROJECTS | Freelance 3D Artist

- Created stylized creatures and props; organized game assets for integration into Roblox experiences for Brazilian content creators.
